				the Town Clerk that if a plot of land is necessary for
				development of plot of land behind it, that is a
				private matter between the 2 property owners and
				if the developer wants that piece of land for an
				access for that development, it's up to them to find
				the land owner and buy it from the landowner, not
				for the planning authority to try to intervene and
				use planning to make life easier for the developer.
				24/00619/FUL Spittal - concern over loss of
				parking bays and overall overdevelopment of plot.
				Informed that the application was for a garage for
				one of the houses already approved and in
				development. Committee was asked what the
				process was when meeting is inquorate. He was
				informed that when we are unable to consider an

application at a meeting, whether that is because
the meeting can't take place or cannot be
scheduled to fit the timescale, we circulate the
applications to all members of the Planning
Committee. If there are comments/objections we
then agree on a form of words and submit these to
Northumberland County Council (NCC). Anyone
can go onto the NCC website and see what
comments have been submitted by the Town
Council as well as leave a comment themselves.
The Town Clerk added that he was willing to
undertake that in future when we do have that
process of having to circulate to members, we will
include all the details of all the final responses to
each application along with the agenda for the next
planning meeting that we hold so that is available
for the public to see.
There was concern from the committee regarding
enforcement in conservation areas and whether
this could be a standing item on the agenda. It is
not on the current terms of reference. It was
RESOLVED that a change of reference would be
brought to the annual meeting on the 7 th May 2024.
