

**Berwick upon Tweed Town Council Precept for 2016/2017**

**Proposal – Cllr P Hodgson.**

That the Berwick Town Council Precept for 2016/17 be set at £50k extra which will equate to £1.50 per month per household for the year. In order to meet Council running/revenue costs and not to use reserves for funding budget deficits and running costs but to use reserves and precept for growth projects some still to be approved by council and desperately needed for investment in the town.

Councillor Paul Hodgson
