

Seats and Benches

Background

1. A request has been received at the Town Council office to donate a bench, with attached brass plaque, to the town.
2. The request states that the ideal location would be at the bottom of Tommy the Miller's Field on the river-side path (The New Road).

Issues

1. Does the Committee wish to authorise the placing of a bench in the location requested and if so, would they:
 - a. Offer to place a new bench there to the requesters specification, or
 - b. Offer to move an existing bench from another location.

Recommendation

1. That the Committee indicates its preference.
