plus an additional spend to make it accessible – therefore there was little prospect of it being prioritised over other schemes in Benvick. But if enough people got together and formed a group to start the ball rolling on funding, it would be more likely to succeed – but access remains an issue. Cilr J Turton asked if there was an update on the proposal to extend the duration of a Public Services Protection Order for the consumption of alcohol discussed at the last meeting. The Town Clerk informed the Committee that Northumberland County Council (NCC) have extended the Order for another 4 years. We have raised informally with their officers whether there is any prospect of extending it further – they have asked us to give them evidence as requested by statute and they will consider an extension. If residents know of somewhere with a real problem we are happy to raise the issue with the local police. After which, the Committee RESOLVED that the minutes of the meeting held on Monday 13 November 2023, were agreed and signed as a correct record.
